A. PROJECT REVIEW (FUTURE AGENDA ITEMS) – NONE

- A-1. DRAFT NEGATIVE DECLARATION NO. 10-005/ ANNEXATION NO. 10-001/ LOCAL COASTAL PROGRAM AMENDMENT NO. 10-001/ GENERAL PLAN AMENDMENT NO. 10-002/ ZONING MAP AMENDMENT NO. 10-001/ ZONING TEXT AMENDMENT NO. 10-002 (SUNSET BEACH SPECIFIC PLAN AND ANNEXATION) – Mary Beth Broeren, Planning Manager

Mary Beth Broeren, Planning Manager, gave a brief overview and status update on the project.

Commissioner Scandura asked staff how many items listed in Attachment No. 3 could not be addressed in the Specific Plan. Ms. Broeren indicated that staff did not have an exact number yet but that they would provide a matrix at the next meeting.

Commissioner Scandura asked staff if the peninsula on Park Street be included in the Specific Plan. Ms. Broeren indicated that staff had discussed including this land in the Specific Plan but the size of the property does not lend itself for inclusion in the Specific Plan.

There was a brief discussion on the current status of any medical marijuana facilities within Sunset Beach.

Commissioner Livengood asked if the Huntington Beach Municipal Code would apply in Sunset Beach. Ms. Broeren noted that the existing Sunset Beach Local Coastal Program lists prohibited uses, which differs from the City's standard of any unlisted uses are prohibited. This difference necessitates having a prohibited uses section within the Sunset Beach Specific Plan.

A-2. APPEAL OF ZONING ADMINISTRATOR'S APPROVAL OF CONDITIONAL USE PERMIT NO. 10-017 (PIERSIDE PAVILION CARTS & KIOSKS) – Ethan Edwards, Associate Planner

Ethan Edwards, Associate Planner, gave a brief overview and status update on the project.

There was a brief discussion on the differences in the applicant's request and the Zoning Administrator's approval. The Commission asked staff to include the original site plan, the Zoning Administrator approved site plan, and the applicant's requested site plan in the next staff report.

Commissioner Shier Burnett asked if staff had considered the potential noise impacts to the adjacent residents. Mr. Edwards indicated that staff did not consider the noise impacts to be significant. He noted that residents were noticed on the request and no comments have been received. Commissioner Shier Burnett asked staff to confirm that the Home Owners Associations were notified of the request.

- B-1. ENTITLEMENT PLAN AMENDMENT NO. 10-003 (PLAZA ALMERIA CARTS – AMENDMENT TO CONDITIONAL USE PERMIT NO. 00-015(R) – CONTINUED FROM AUGUST 10, 2010 WITH THE PUBLIC HEARING OPEN)** **Applicant:** Michael Adams, Michael C. Adams Associates **Property Owner:** John Tillotson, J.T. Development **Request:** To amend Condition No. 1 of Conditional Use Permit No. 00-015(R) by increasing the number of approved vending carts from 6 to 14. **Location:** 301 Main Street (full block bounded by Main Street, Olive Avenue, Fifth Street and Orange Avenue – Plaza Almeria) **Project Planner:** Ethan Edwards

STAFF RECOMMENDATION: Motion to: "Approve Entitlement Plan Amendment No. 10-003 with suggested findings and conditions of approval (Attachment No. 1)."

The Commission made the following disclosures:

- Commissioner Scandura has spoken to staff, spoken to Mr. Adams, and acted on previous entitlements for the site as part of the Planning Commission.
- Chair Farley has visited the site, spoken to Mr. Adams, and attended the study session.
- Commissioner Delgleize has spoken to Mr. Adams, visited the site and attended the study session.
- Commissioner Livengood has spoken to Mr. Adams, visited the site and attended the study session.

Ethan Edwards, Associate Planner, gave the staff presentation and an overview of the project.

Commissioner Scandura asked Mr. Edwards if staff is recommending the approval of 14 carts at the locations the applicant has requested. Mr. Edwards indicated that the staff recommendation does not support all of the requested locations and noted that in order to accommodate the number of carts some of the benches may need to be relocated. Mr. Edwards stated that staff would accept the relocation of benches and trash receptacles provided that they be relocated along Main Street.

Chair Farley confirmed with staff that suggested Condition No. 3 would not allow for the sale of any items that require a liquor license.

THE PUBLIC HEARING WAS OPENED.

Michael Adams, Adams and Associates, spoke in support of Item No. B-1. He stated that there would be adequate sidewalk width to allow for the additional kiosks and indicated that he would prefer more flexibility on the placement of the benches and trash receptacles. He noted that he has submitted a revised proposal to reduce the number of carts to 12 and requests only a five foot separation between kiosks.

Commissioner Livengood asked Mr. Adams if he had reviewed the revised proposal with staff. Mr. Adams indicated that he had given staff the revised proposal at the beginning of the 7:00 PM portion of the meeting.

WITH NO ONE ELSE PRESENT TO SPEAK, THE PUBLIC HEARING WAS CLOSED.

Commissioner Scandura asked staff who would approve the trash receptacle and bench locations. Mr. Edwards stated that Suggested Condition No. 2b would require an amended license agreement approved by Public Works which would address the permitting of those landscape amenities.

Commissioner Scandura asked Police Department staff if angled carts would be acceptable. William Stuart, Police Captain, stated that the eight foot separation is preferred, as visibility would be decreased. He noted that there will no longer be officers on foot in the downtown area and the visibility will be very important to the vehicular patrol officers.

Commissioner Livengood stated that he would prefer to limit the number of kiosks to 10 in order to accommodate the eight foot setbacks. Commissioner Livengood proposed an amended condition of approval requiring that the carts shall be maintained in a clean manner and that all storage be within the cart and hidden from view. He recommended a 12 month review of the project.

Chair Farley asked if the design of the additional carts would match the existing carts and Mr. Edwards confirmed this. Chair Farley asked staff if there was a condition for storing any unused carts off site. Mr. Edwards indicated that this was included in the kiosk ordinance and therefore did not need to be included in the conditions of approval.

Commissioner Scandura asked if staff supports the relocation of the bike racks off Main Street and to Olive and Orange Avenues. Mr. Edwards indicated that staff supports the relocation provided that it allows for an additional bike rack. Mr.

Edwards noted that staff would prefer that at least one bike rack remain on Main Street.

Commissioner Scandura indicated that he would prefer ten carts total to allow for the eight foot separation between the carts.

Commissioner Delgleize noted that if the bike racks are relocated off Main Street, then she would prefer to have larger racks on Olive and Orange Avenues, but one small rack remaining on Main Street.

Commissioner Livengood recommended modifying the suggested conditions of approval to limit the number of carts to 10, with the eight foot separation.

A MOTION WAS MADE BY LIVENGOOD, SECONDED BY DELGLEIZE, TO APPROVE CONDITIONAL USE PERMIT NO. 10-003 WITH FINDINGS AND MODIFIED CONDITIONS OF APPROVAL, BY THE FOLLOWING VOTE:

AYES:	Scandura, Farley, Delgleize, Livengood
NOES:	None
ABSENT:	Mantini, Speaker

MOTION APPROVED

FINDINGS FOR PROJECTS EXEMPT FROM CEQA:

The Planning Commission finds that the project will not have any significant effect on the environment and is Categorically Exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Section 15301, Class 1—*Existing Facilities*, because the project involves a minor modification to the operation of the existing development involving negligible expansion of an existing use.

FINDINGS FOR APPROVAL – ENTITLEMENT PLAN AMENDMENT NO. 10-003:

1. Entitlement Plan Amendment No. 10-003 for the establishment, maintenance and operation of 10 outdoor portable vending carts will not be detrimental to the general welfare of persons working or residing in the vicinity or detrimental to the value of the property and improvements in the neighborhood. Based upon the conditions imposed, adequate pedestrian passage area will be provided. The project has been evaluated for compatibility with the surrounding neighborhood. The portable vending carts will provide additional open air commercial amenities, are designed on a pedestrian scale and character, and will meet the goals, objectives, and policies of the General Plan.
2. The entitlement plan amendment will be compatible with surrounding uses because the ancillary operation of portable vending carts and kiosks is consistent with the zoning and General Plan designations and does not represent a significant change from the existing mix of uses. The site currently includes carts and kiosks and the entitlement plan amendment will allow for the expansion of this ancillary use. With the conditions of approval, the portable vending carts will provide adequate pedestrian passage areas and will enhance the pedestrian character and scale of the street scene surrounding the project.
3. The 10 outdoor portable vending carts facing Main Street will comply with the provisions of the base district and other applicable provisions in Titles 20-25 of the Huntington Beach

Zoning and Subdivision Ordinance. As conditioned, the project complies with all aspects of the SP5 (Downtown Specific Plan) and HBZSO including parking, onsite circulation, setbacks, carts and kiosks standards.

4. The granting of the entitlement plan amendment will not adversely affect the General Plan. It is consistent with the Land Use Element designation of MV-F6/25-sp-pd (Mixed Use Vertical-2.0 FAR/25 du/acre-Specific Plan Overlay-Pedestrian Overlay) on the subject property. In addition, it is consistent with the following goals, objectives and policies of the General Plan:

A. Land Use Element

Goal LU1: Achieve development that maintains or improves the City's fiscal viability and reflects economic demands while maintaining and improving the quality of life for the current and future residents of Huntington Beach.

Objective LU7.1: Accommodate the development of a balance of land uses that (a) provides for the housing, commercial, employment, educational, cultural, entertainment, and recreation needs of existing and future residents, (b) provides employment opportunities for residents of the City and surrounding sub-region, (c) captures visitor and tourist activity, and (d) provides open space and aesthetic "relief" from urban development.

Goal LU11: Achieve the development of projects that enable residents to live in proximity to their jobs, commercial services, and entertainment, and reduce the need for automobile use.

Policy LU15.2.2: Require that structures located in the pedestrian overlay zone be sited and designed to enhance pedestrian activity along the sidewalks in consideration of the guidelines noted in the general plan.

B. Economic Development Element

Objective ED1.1: Enhance the City's market potential in terms of retail, office, industrial, and visitor serving activity. This would allow Huntington Beach to provide for retail, office, and industrial opportunities that serve the current and projected population and enhance sales and occupancy tax revenue.

Policy ED3.2.2: Encourage mixed use (retail/office/residential) structures in the downtown area and at the visitor-serving nodes along Pacific Coast Highway.

The Plaza Almeria mixed use project is located in the Downtown area of Huntington Beach. The design of the building with its retail uses facing Main Street and Olive Avenue was originally designed to encourage pedestrian activity from the pier and Pacific Coast Highway to progress further north on Main Street. A key component to expanding pedestrian activity in a downtown beach community is the provision of a mix of open-air commercial uses including carts and kiosks. As conditioned, the portable vending carts provide adequate pedestrian passage (10 ft.) which is consistent with other cart and kiosk locations in the Downtown. This request to increase the number of vending carts contributes to the project's effectiveness in meeting the goals, objectives and policies of the General Plan.
